

Perfect Imperfection

Kevin Gates

I'm all the way out there
I don't mind you knowing I don't fuck with you
Breaking down a key of coke
I ain't never seen a boat
Khaza got circumcised thinkin I'mma need a locBoobie he a shooter hit the top of your medulla
From a scooter with a ruger I don't think he even need a scope
Attending college been a goal that I'm after
Faded doing life without parole wearing shackles
I'm only fucking with what matters
A washed up rapper talking trash doesn't matter
Front windshield of the car when it shatters
My nigga brains blown out land in my lap
Told god take me, everybody blame me
Praying till I'm prayed out won't bring him back
They say my life is amazing
Funny been a question kinda wonder how I made itForest gump and I
Got something in commonThe world treat you different when you make it
We ain't brooding off a molly we don't do shroomsAll we do is fast gas loud excuse who
Twin-turbo 911 make it vroom vroom
We in all black mama can't make the tomb move
Say you sip lean yea I do too
I ain't tryna hit your cup nigga do you
I'm Michael Jackson I'm reincarnated
I channel this spirit like Ali the greatest
Medicinal marijuana. Am I medicated?
Aerosmith jaded
She looked like Nala when she got on top me
I gazed in her eyes and responded
Can we go half on a baby
Broke another fingernail scratching on my back
Nailed her to the ceiling when I'm pushing on her pelvis
See my tattoo of Elvis when I'm tearing up her cat
I'm a perfect imperfectionMy craft has been perfected
And I just need affection, emotionally
I'm an introvert but it come off as aggression
No one understand me and everybody can't be slow
It's refreshing to find someone who think like me so I can't be wrong
I'm a perfect imperfection and I don't find interest in the radioSo everytime I get high I watch
the time pass by like away we go
Is it ok to cry when you're dying inside?
Seem like codeine is the one thing that help take my mind from the lies
Put the flame in my brain with the full clipDrake said Gates do his thing he don't bullshit

All you other rappers rap about is bullshit
Do your own drugs and you get all in your feels
Look into your eyes nigga you ain't ever lived
But always talking cause the dope nigga ever had heart ache
Ever lost money learned how to cook all day
Ever grind hard tryna pay for your lawyer?
Get him payed off and you still go to jail
And that bitch that you love don't pick up when you call her
Fuckin' with your nigga when you get out and you dog her
Going with your mood with a nigga you dont argue
Came here to die in the game I'm retarded
Know its got a name I ain't knowing what to call it
Mama 3 way the call chopping up me and [?]
Freeman I look to you nigga and I love you
I know you lost your parents but with me you got a brother
Malaki and Chris [?] know you gotta trap
Cousin lil quick telling me he wanna rap
Uptown B's and the white house administration
Get the paper had to see [?] in the scrap
When his seatbelt strap make it hard to lean back
Sittin' up straight in the car with the shades on
Young Seven with the jensen and my main man Gunna
I was doing time up in rivers when he came home
Now I'm waiting on a nigga for me to get out alive
No drive by we jump out and dump where you grind
Excuse me I meant to say where you spend time
You too scared to hustle you're just wasting time
I used to play nice with Jahlil and Jaquinten
now his brother fuck with the ones who against me
Stop making threats cause I swear I hate living
You say you don't like me well shut up or kill me
Well shut up or kill me
You say you don't like me well shut up or kill me
Bitch shut up or kill me
I'm a perfect imperfection
My craft has been perfected
And I just need affection, emotionally
I'm an introvert but it come off as aggression
No one understand me and everybody can't be slow
It's refreshing to find someone who think like me so I can't be wrong
I'm a perfect imperfection and I don't find interest in the radio
So everytime I get high I watch the time pass by like away we go
Is it ok to cry when you're dying inside?
Seem like codeine is the one thing that help take my mind from the lies
