

# The Star of a Story

## Heatwave

angel come to me  
let me be  
part of all the love you are  
cuz angel we could fly  
you and i  
fly a rainbow to the sky  
(chorus)  
so hold me all through the night  
stay till the day is bright  
and angel don't ever go (don't break the spell)  
cuz you're the star of the story  
i'll always tell  
you are- my star (2x)  
angel  
i used to say  
yesterday  
love was only in a dream  
but angel  
guess i was wrong all along  
just took you to make me see  
(chorus)  
i love so well  
you are-my star (2x)  
guitar interlude  
chorus till fade out
