

Hood

Jibbs

Comin up in da hood where the streets are cold
Either you gon' stretch or either you gon' fold
Either you gon' ride or get rolled on
Which one is it or they pay u a visit
Comin up in da hood where the streets are cold
Either you gon' stretch or either you gon' fold
Either you gon' ride or get rolled on
Which one is it or they pay u a visit
What you gon' do?
You gon' ride?
You gon' roll?
You gon' stretch?
You gon' fold?
You gon' keep yo family po?
Comin up in da hood watchin my homies take the pressure
That's why I chose to be a mic-checka
What you gon' do?
You gon' ball?
You gon' fall?
Let em knock u into walls?
Leave you dead in a hall
Or you gon' keep hanging in the streets with your crew
Don't ask me 'cause I know what I'm a do
But what you gon' do?
Buy the solos with the dodo's and nogo's and fofos
In choke holds after getting chased by the po po's
You gon' ride solo or is you gon' group it?
Or is you gon' think before you start being stupid
Comin up in da hood where the streets are cold
Either you gon' stretch or either you gon' fold
Either you gon' ride or get rolled on
Which one is it or they pay u a visit
Comin up in da hood where the streets are cold
Either you gon' stretch or either you gon' fold
Either you gon' ride or get rolled on
Which one is it or they pay u a visit
Now what chu gon' do?
You gon' rob?
You gon' kill?
Buy the drugs or you gon' deal
Or go out and chase a mil
Or on the other hand get a deal like me
And go and write 48 bars to a beat
Tell me what you gon' do?
Be another family failure
Disrespectin all your elders
Go livin in a shelter

Or you gon' get killed put in jail or be a doctor
And own a big house on the roof a helicopterWhatchu gon' do?
Stay in the same city, same hood, same block
Same homies changing clothes, wearin eachothers socks
or do you wanna go somewhere
A life to try to live
And see about a hundred
Making money, taking tripsComin up in da hood where the streets are cold
Either you gon' stretch or either you gon' fold
Either you gon' ride or get rolled on
Which one is it or they pay u a visitComin up in da hood where the streets are cold
Either you gon' stretch or either you gon' fold
Either you gon' ride or get rolled on
Which one is it or they pay u a visitWhat you gon' do?
Be a fed, be a star, do the dance, hit the bar
Be a face nigga - sharp
Or go and shop and stuff
Hit the mall, pop tags
Start stuff
Get me red, white and blue like the flagJibbs what you gon' do?
Gettin money, stay off the streets
They frontin man - it aint funny, I aint runnin
Hopin from place to place like a bunny kinda sunny
Phone on my waist vibrate 'cause it's comin
Stay in shape
Last in the game is music business
FunnyFor the sake that my hood cats hungry
Tryin to get a mil deal, bread and bologna
For the sake that my hood cats that are hungry
Tryin to get a mil deal, bread and bolognaComin up in da hood!
