

# The 9:45 Wake-Up Dream

## P.M. Dawn

Destiny paints the pictures at about 9: 45  
I possess the image at about 10: 15  
Reality taints the pictures at about 5: 25  
And I'm like, how much sugar do you take in your dreams?  
So I practice complicity around 9: 45  
Yeah that's right, 9: 45, yeah that's right, 9: 45, unending life  
Are you in my mind?  
Are all my dreams mine? Wake me up at 9: 45, oh life  
Do you believe in time?  
Do you love your life? Wake me up at 9: 45  
Destiny writes direction at about 9: 45  
I receive the visions at about 10: 18  
Reality drives perception 'til about 5 after 5  
And I'm like Angels always saturate your schemes  
So I practice complicity around 9: 45  
So I dream 9: 45, yes I dream 9: 45, so infinite life  
Are you in my mind?  
Are all my dreams mine? Wake me up at 9: 45, oh life  
Do you believe in time?  
Do you love your life? Wake me up at 9: 45  
Here's your chance to be unstable  
Here's your chance to be unsatisfied  
Here's your chance to dream just like me  
Realizing we've been fantasized  
No need to Christianize me, no need to antagonize my life  
No need to actualize me, 'cause you've just been bitten  
Destiny sings redemption at about 9: 45  
I can hear the symphony around 10: 19  
Reality stops the music at around 5: 59  
And I'm like you can't change the volume in my dreams  
So I practice complicity around 9: 45  
Existing, 9: 45, infinite, 9: 45, limitless life  
Are you in my mind?  
Are all my dreams mine? Wake me up at 9: 45, oh life  
Do you believe in time?  
Do you love your life? Wake me up at 9: 45  
Are you in my mind?  
Are all my dreams mine? Wake me up at 9: 45  
Do you believe in time?  
Do you love your life? Wake me up at 9, 9: 45
