

Monsters (feat. Michael Christmas & Tobi Lou)

What So Not

You gotta feel it
Check, check I had a moment of clarity
This rap shit is scaring me
My conscious is daring me to say what I want to say I think all these niggas suck
I think I just might be fucked
Like what if this life is luck
And what if that luck run out like your daddy
They passing sticks like a caddy
I'm doing good like I'm Larry
Your Colgate smile roll a fatty
There's monsters under my bed
I crush them when I be fucking
There's monsters all in my closet
Just not the J's bro don't touch em
These niggas lives running out like its some milk or some napkins
Oblivious Michael Christmas I'm never knowing what happens
I'm hitting them folks
And pouring Henny till I'm toasty
I think i'm a monster, so why the fuck I still feel hopeless
Monster
I'm a monster baby
Don't act like I didn't tell you (Monster)
I'm a monster baby
You know I didn't mean to scare you I had a moment danger
It feel like things getting stranger
I go to 7/11
Don't even buy 27s
I'm on the edge like a fizz
But I still handle my biz
I take the bottle and chug it
This world is pussy say fuck em, fuck em, and fuck em
I'm hoping I don't grow up
I'm a lot of nothing with something
I got from god an abundance
That rapping ass nigga smiling in pictures
Don't burn no bridges cause everyone begged him
You not slick and get drop kicked
I'm not sick I just hock spit
I turn this little shit to lots of shit on mind the rock shit
Planning chains but ain't change shit I'm not Barack

And I talk shit as if my whole dick and balls was monstrous
Monster
I'm a monster baby
Don't act like I didn't tell you (Monster)
I'm a monster baby
You know I didn't mean to scare you You see what happens is
You get, it's like they give you shit
They just hand you the world
And then they expect you not to be any different
They expect you to stay the same
And what happens is you change
And you say you're not going to change but you do
It's like that movie Love Don't Cost a
Thing with Nick Cannon and Christina Milian
He wasn't shit, and then she made him shit, don't be shit guys
