

# MIDDLE OF THE NIGHT

## MONSTA X

????? (Monsta X) - Middle of the Night Lyrics You make me want to run it all back

Nobody's ever done me like that I thought I'd never ever need you

Now all I want to do is see you I shouldn't let it happen so fast

Girl why'd you have to break me like that Your love is nothing but a see-through

I tell myself that I should leave you But who, I don't wanna know

Where you wanna go

Who you're taking home Cause I can't lose everything I know

I hate sleeping alone

I'm picking up the phone

And I'll be on the way in the middle of the night

Cause I can never wait for the morning to rise

We're kissing in the car underneath of the night

You got me

You got me And I'll be on the way in the middle of the night

It's something in the way you've been running my mind

If you want me to stay for the rest of my life

You got me You got me Remember all the nights like this

Sleeping in the Motel 6

We'll take all of the back streets on

Making sure your friends don't know I've never thought it get like this

Still think about the very first kiss But I could never lie to you

I'm going out of my mind for you

But who, I don't wanna know

Where you wanna go

Who you're taking home Cause I can't lose everything I know

I hate sleeping alone

I'm picking up the phone And I'll be on the way in the middle of the night

Cause I can never wait for the morning to rise

We're kissing in the car underneath of the light

You got me

You got me And I'll be on the way in the middle of the night

It's something in the way you've been running my mind

If you want me to stay for the rest of my life

You got me

You got me And I'll be on the way in the middle of the night

Cause I can never wait for the morning to rise

We're kissing in the car underneath of the night

You got me

You got me And I'll be on the way in the middle of the night

It's something in the way you've been running my mind

If you want me to stay for the rest of my life

You got me

You got me  
Go back to our own ways in the middle of the night  
Go back to our own ways in the middle of the night  
Go back to our own ways in the middle of the night  
Go back to our own ways in the middle of the night  
Go back to our own ways in the middle of the night
