

Shattered

Terror

Hidden beneath this smile
You'll find a broken man
Had everything I needed
Until I shattered it like glass
The hardest parts forever
Knowing that I'm to blame
Don't wanna know, I couldn't live
With what you really think of me
And I shattered the insides
Of something I can't replace
But would you even care?
Would you even care?
Just show me a sign
That things will be okay
This could never be the same
How could this ever be the same
One thousand sorries
Won't make this go away
And after what I put you through
I deserve the worst pain
And I shattered the insides
Of something I can't replace
But would you even care?
Would you even care?
Just show me a sign
That things will be okay
This could never be the same
How could this ever be the same
I know I put a scar on you
I took that spark out of your eyes
You gave me everything and more
In return I gave you lies
I'll always worry about you
But I had to let you go
You deserve a life free of me
The hardest thing I've ever known
And I shattered the insides
Of something I can't replace
But would you even care?
But would you even care?
I know I could never replace you
Why would I want to
You're the best I've ever seen
God I hope you find your peace
God I hope you find your peace
I miss you more than you'd ever believe

I'm forever scarred by the love that I destroyed
