

Nobody Wins (feat. B.o.B)

Jodeci

(No, no, no, no, no, no)

Nobody wins

(No, no, no, no, no, no)

Bobby

(No, no, no, no, no, no) We don't see the same, and we don't speak the same

But if we don't get shit right this go 'round, then we ain't gon' beat the game

You can see the pain, we entertain when disagreements turn into blame

The heated words turn into flames under your skin, it just aggravates

Every nerve you got, and every working vein, gotta take a cool breath and respirate

We gon' get it right, no matter how many steps it takes

'Cause the devil gon' lie, and Heaven don't hesitate

And Lord knows we need Heaven, 'cause we're going through Hell each and every day

These emotions bottled up inside are hot enough to fry thermometers and lighters on my mind

A lot of us will find the answers obvious, but probably all the time

You gotta know the signs and loosen up how tight you hold your pride

Put emotions to the side and get a grip before you lose your mind

Nobody wins

When we fight, fuss and argue

Nobody wins

We say we leaving but we never do

Nobody wins

When we fuss, fight and argue

Nobody wins

We say we leaving but we never do

Nobody wins Stop throwing those pots and pans

(Nobody wins)

We don't have to use our hands

(No we don't)

Baby can you understand

(Baby can you understand)

I'm just being a man

Gossipin', gossipin' and gossipin'

Everybody don't got your back, even if you got a lot of friends

Everybody sins, everybody sins if somebody loses, nobody wins

Sometimes you just need space, sometimes you need oxygen

Negative ain't so bad when it's negative space

If you do anything with nothing, then nothing can get in your way

I always remember when karma comes 'round, 'cause she got a similar face

You gotta know when to hold what you got and know when to give it away Let's talk about this

(Let's just talk about this)

I'm glad that you missed

(Nobody wins)

You almost tore up my face
We can't afford to buy another place I don't care what you do
Nobody wins
Might as well stay home
Stay home, stay home, yeah
Nobody wins, no, no
Nobody wins, no
Nobody wins
Don't fool yourself
Tryna fool somebody else
Nobody, nobody
Nobody wins
