

# With the World At My Feet

## Big Deal

With the world at my feet  
And the starts in my reach  
But you won't be with me  
You won't be with me  
I was waiting for you  
Was waiting  
I was sleeping  
And you've been changing  
You don't have to say it's done  
I know, I know  
You don't have to say it's done  
I know, I know  
With the world at my feet  
And the starts in my reach  
But you won't be with me  
You won't be with me  
All that I need  
All that I need  
Won't be with me  
Won't be with me  
The time of giving  
Of forgiving  
Some mistakes are  
Not worth saving  
You don't have to say it's done  
I know, I know  
You don't have to say it's done  
I know, I know  
You don't have to say it's done  
I know, I know  
You don't have to say it's done  
I know, I know  
With the world at my feet  
And the starts in my reach  
But you won't be with me  
You won't be with me
