

# Blue Mind

Alexi Murdoch

Got no time  
Got no mind  
For the line  
In my life  
No time for think  
Time for sleep now  
Time to sink way into the blue dear  
Got no time  
Got no mind  
For the line  
In this life  
No time to think  
Time for sleep now  
Time to sink way into the blue dear  
So watch your time  
Time decends  
Let it spill quietly  
From your hand  
Oh and the time's at hand  
When all the things under the sky  
Go free of Time  
Time is passing you by  
Got no time  
And I am drifting  
Yes I am drifting  
Remember when you were only a child  
Remember when you were only a child  
Remember when you were only a child and  
Start to see with your blue mind  
Start to see with your blue mind  
Don't be afraid of what you find  
No don't be afraid of what you find  
'Coz I am drifting  
Yes I am drifting  
Slowly, slowly I am drifting  
Slowly, slowly I am drifting  
Slowly, slowly I am drifting  
Slowly, slowly I am drifting  
Slowly, slowly I am drifting  
Slowly, slowly I am drifting  
Slowly, slowly I am drifting  
Slowly, slowly I am drifting
