

It's Real

Lyfe Jennings

Just leaving the spot when i saw her
gave me her number to me to call her
she got me feelin like a baller
and im so into you
i told her lets go some place quiet
i said im stayin at the hyatt
she said it's kinda late but we can try it
she's so into me
Shawtys thick than a mothersucka
and i cant wait to touch her
she knows exactly how to boom boom chicky boom
surely she wants to be my lover
so excited i forgot to stop and go grab some rubbers.

damn

Chrous:

AIDS is real, dont care how you feel
yes i want to chill but i gotta wrap it up, i gotta protect us
cause AIDS is real
don't care how you feel
we already know it kills
so i gotta wrap it up, i gotta protect us

Verse:

So now were bumpin and were grindin.
she told me baby get behind it
it's gettin kinda hard to fight it
cause she looks so good
i said maybe we should go slower
no disrespect but i dont know ya
i said give me a second let me go to

Westco

She wants it now

PreChrous:

Shawtys thick than a mothersucka
swear to god on my mother
she knows exactly how to boom boom chicky boom
surely shes a freak undercover
so excited i forgot to stop and go grab some rubbers.

damn

Chrous:

AIDS is real, dont care how you feel
yes i want to chill but i gotta wrap it up, i gotta protect us
cause AIDS is real

don't care how you feel
we already know it kills
So i gotta wrap it up, i gotta protect us
AIDS is real(fades)
