

Natural Born Sinner

In This Moment

Listen closely, to what i'm about to say.
I think i've heard just about enough of your hypocritical ways.

Don't try to stop me now

Don't you make a sound

You've built yourself up oh so high just to tear me down

Im so tired of you telling me

how to live and who i should not be

And I'm so tired of you telling me

What to do and what I don't believe

And after all that your telling me

Why is there hate that only you can see

And im so sick of you telling me that i will burn

That i will not be free

This is my song

My red crusade

What will i say?

What will i do?

Maybe its fear that leads your rage

Maybe you're me and i am you

So go ahead and point your finger

Tell me who to love is it him or her?

When will you see there's other way out?

Natural Born Sinner

I'm not gonna change

So stay out of my way

I don't need you to understand

That I'm already saved

Maybe you should stop pushing all your greed

Can you look me in my eyes and say we're not the same.

Did you really think by pushing me

I would become what you want me to be?

And did you really think by hurting me

I'd open up and just hand you the key?

I know you're scared and don't understand

This is my life, this is who I am

What I do know is come Judgement Day

There's not a lot you can still the same

This is my song

My red crusade

What will i say?

What will i do?

Maybe its fear that leads your rage
Maybe you're me and i am you
So go ahead and point your finger
Tell me who to love is it him or her?
When will you see there's other way out?
