

# Ran Off In the Night

## Echosmith

Won't you come away with me  
    Won't you come  
Won't you come away with me  
    Won't you come  
Won't you come away with me  
Won't you come away Won't you come away with me  
    Won't you come  
Won't you come away with me  
    Won't you come  
Won't you come away with me  
    Won't you come away  
They were made for each other  
    It was love at first sight  
They were caught in the moment  
    It was the end of the night  
Well they were walking on such delicate ropes  
Well they're talking of running off to the coast  
    They were made for each other  
    They run off in the night  
She said to him Won't you come away with me  
    Won't you come  
    Won't you come away with me  
    Won't you come  
Won't you come away with me Won't you come away  
    They were made for each other  
    They knew it was right  
    So sick of this ghost town  
    So they ran off in the night  
    She said to him  
    Won't you come away with me  
    Won't you come  
    Won't you come away with me  
    Won't you come  
    Won't you come away with me  
Won't you come away They're chasing the sun and it's light  
    They're racing running all the red lights  
    They're placing their trust in the night  
    They're waiting, now waiting  
    Won't you come away with me  
    Won't you come away  
    Won't you come away with me  
    Won't you come

Won't you come away with me  
    Won't you come  
Won't you come away with me  
    Won't you come away
