

# Ineffable

## Jake Quickenden

Head on my chest no, and I can't breath.  
All your insecurities lead back to me.  
I never mean't what I said when I couldn't see.  
Baby you're the most beautiful thing to me.  
Heart beats and fighting 'til sunlight and lightning.  
When im tryna think about someone, I keep on falling to my knees.  
And your heart speaks , like mine did.  
We're talking, i'm finding i'm always tired of thinkin about someone  
when no one is tryna think about me.  
And when im thinking of you, are you tryna think about me?  
And when im thinking of you, are you tryna think about me?  
Every single day, I always want a little more.  
I know it's my mistake, you're ineffable  
In every single way, said it one thousand times before.  
That im sorry babe.  
You're ineffable.  
Feelings take over, butterflies.  
When you said you didn't need me, took me by suprise.  
When will you realise? I'll make you realise.  
Heart beats and fighting 'til sunlight and lightning.  
When im tryna think about someone, I keep on falling to my knees.  
And your heart speaks , like mine did.  
We're talking, i'm finding i'm always tired of thinkin about someone  
when no one is tryna think about me.  
And when im thinking of you, are you tryna think about me?  
And when im thinking of you, are you tryna think about me?  
Every single day, I always want a little more.  
I know it's my mistake, you're ineffable  
In every single way, said it one thousand times before.  
That im sorry babe.  
You're ineffable.  
I'm thinking, i'm thinking 'bout you.  
Thinking, i'm thinking , i'm thinking 'bout you. ( You're ineffable)  
Thinking, i'm thinking, i'm thinking 'bout you.  
Thinking, thinking 'bout you.  
Every single day, I always want a little more.  
I know it's my mistake, you're ineffable  
In every single way, said it one thousand times before.  
That im sorry babe.  
You're ineffable.  
I'm thinking, i'm thinking 'bout you.  
Thinking, i'm thinking , i'm thinking 'bout you. ( You're ineffable)

Thinking, i'm thinking, i'm thinking 'bout you.  
Thinking, thinking 'bout you.  
You're ineffable.
