

# Moist

Janet Jackson

MOIST

Ooooooh... yeah

You're feelin' in it... yeah

You're ticklin' it... yeah

You're swimmin' in it... yeah

You're gonna get it... moist... moist... moist

Ooooooh... yeah

You're feelin' in it... yeah

You're ticklin' it... yeah

You're swimmin' in it... yeah

You're gonna get it... moist... moist... moist

I'm insatiable

And it's all your fault

So much lust involved

To get me off

My water falls

Your sexuality (breeds)

A storm inside of me (seas)

A touch is all I need

To make me scream

Obscenities

Every time you whisper in my ear I get aroused

You begin to slowly unbutton my blouse

Kissing on my skin my heart's racing now

I want you boy

Ooooooh

Caught up in the waves of passion up & down

Love the way you movin' my body all around

Boy you bout to make the rain come down

Boy you bout to make the rain come down (Boy you bout to make the rain come down)

Feel my, rain come

Pourin', soakin'

Longin', your lips

Baby ooh

You make it so moist

When my, ocean's, overflowin'

Afterglowin'

Take me ooh

You make me so moist

Orgasmic

Row it just like that

Hope you like drownin' in it

You don't have a life jacket  
My thirst is quenched  
Oooh baby we're so drenched  
Our bodies rhythms' are  
So cataclysmic  
Got me twisted  
Feeling your anatomy breaking me down  
Sucking on my (mmm) with ice in your mouth  
Hurry and undress me take me right now  
I'm wet for you boy  
Ooooooh  
Caught up in the waves of passion up & down  
Love the way you movin' my body all around  
Boy you know you make the rain come down  
You know how to make my rain come down  
Feel my, rain come  
Pourin', soakin'  
Longin', your lips  
Baby ooh  
You make it so moist  
When my, ocean's, overflowin'  
Afterglowin'  
Take me ooh  
You make me so moist... moist... moist... moist  
Ooooooh  
Ooooooh... yeah  
You're feelin' in it... yeah  
You're ticklin' it... yeah  
You're swimmin' in it... yeah  
You're gonna get it... moist  
You're feelin' in it... moist  
You're ticklin' it... moist  
You're swimmin' in it  
(Ooooooh)  
You're gonna get it... yeah  
You're feelin' in it... yeah  
You're ticklin' it... yeah  
You're swimmin' in it... yeah  
You're gonna get it... moist  
You're feelin' in it... moist  
You're ticklin' it... moist  
You're swimmin' in it  
You're gonna get it  
Feel my, rain come  
Pourin', soakin'  
Longin', your lips  
Baby ooh  
You make it so moist  
When my, ocean's, overflowin'

Afterglowin'  
Take me ooh  
You make me so moist  
Feel my, rain come  
Pourin', soakin'  
Longin', your lips  
Baby ooh  
You make it so moist  
When my, ocean's, overflowin'  
Afterglowin'  
Take me ooh  
You make me so moist  
Feel my, rain come  
Pourin', soakin'  
Longin', your lips  
Baby ooh  
You make it so moist  
When my, ocean's, overflowin'  
Afterglowin'  
Take me ooh  
You make me so moist... moist... moist... moist
