

# You're a Waste

## Outbreak

you're a waste and everything you do  
proves you've got no clue  
and it's nothing new  
but i fucking hate you  
you're a waste and you'll never see  
that you won't get the best of me  
so just leave me be'cause i'm breaking free  
you're a waste and i should have seen the sign  
before i wasted time  
wanna fuck me over? get in line  
fuck it, i'll be fine, you're a waste
