

You're a Waste

Outbreak

you're a waste and everything you do
proves you've got no clue
and it's nothing new
but i fucking hate you
you're a waste and you'll never see
that you won't get the best of me
so just leave me be'cause i'm breaking free
you're a waste and i should have seen the sign
before i wasted time
wanna fuck me over? get in line
fuck it, i'll be fine, you're a waste
