

Gaslighter

Dixie Chicks

Gaslighter, denier
Doin' anything to get your ass farther
Gaslighter, big timer Repeating all of the mistakes of your father We moved to California and
we followed your dreams
I believed in the promises you made to me
Swore that night 'til death do us part
But you lie-lie-lie-lie-lie
Hollywood welcomed you with open doors
No matter what they gave you, you still wanted more
Acting all above it when our friends divorced
What a lie-lie-lie-lie-lie
You're such a—
Gaslighter, denier
Doin' anything to get your ass farther
Gaslighter, big timer
Repeating all of the mistakes of your father
Gaslighter, you broke me
You're sorry, but where's my apology?
Gaslighter, you liar You thought I wouldn't see it if you put it in my face
Give you all my money, you'll gladly walk away
You think it's justifiable, I think it's pretty cruel
And you know you lie best when you lie to you
'Cause, boy, you know exactly what you did on my boat
And, boy, that's exactly why you ain't comin' home
Save your tired stories for your new someone else
'Cause they're lie-lie-lie-lie-lies
Look out, you little—
Gaslighter, denier
Doin' anything to get your ass farther (ooh)
Gaslighter, big timer
Repeating all of the mistakes of your father
Gaslighter, you broke me
You're sorry, but where's my apology?
Gaslighter, you liar You just had to start a fight, had to start a fire
Couldn't take yourself on a road a little higher
Had to burn it up, had to tear it down
Tried to say I'm crazy, babe, we know I'm not crazy, that's you
Gaslighting, you're a lie-lie-lie-liar
Oh, honey, that's you, gaslighting
You made your bed and then your bed caught fire Gaslighter, I'm your mirror
Standin' right here until you can see how you broke me
Yeah, I'm broken

You're still sorry, and there's still no apology
Gaslighter, denier
Doin' anything to get your ass farther (ooh)
Gaslighter, big timer
Repeating all of the mistakes of your father
Gaslighter, you broke me
You're sorry, but where's my apology?
Gaslighter, you liar
