

Love You Down

Chanel West Coast

I've been thinking of you, tell me do you think at me too
How long has really been since I 'aint see you
That was a lont of months ago
Boy you were tripping on, got me here...Come over, come over, I want just to show you, to
show you, to show you
How much I've been ...
I want tou come over, wanna give you all ...
I wanna take you down, would you come over?
I'mma wanna give all to you, make sure you...
Love you how I do it, gonna show you how much I want you
I want you down, want you come over
I'mma wanna give all to you, make sure you...
Anything you ask me baby I'mma show you what ...
Anything you wanna try, I would anything for please you
...that hit in there
Poop that shit ...
Loving, loving, baby make me slow
Bugin, bugin we can do itCome over, come over, I want just to show you, to show you, to
show you
How much I've been ...
I want tou come over, wanna give you all ...
I wanna take you down, would you come over?
I'mma wanna give all to you, make sure you...
Love you how I do it, gonna show you how much I want you
I want you down, want you come over
I'mma wanna give all to you, make sure you...
I wanna ...
I want tou come over, wanna give you all ...
I wanna take you down, would you come over?
I'mma wanna give all to you, make sure you...
Oooh, ooh, ooh, ooh, ooh
Tonight I wanna love you down,
would you come over?
I'mma wanna give all to you, make sure you...
I want tou come over, wanna give you all ...
I wanna take you down, would you come over?
I'mma wanna give all to you, make sure you...Love you how I do it, gonna show you how much
I want you
I want you down, want you come over
I'mma wanna give all to you, make sure you...
