

Trust

Panama Wedding

I'd be something else,
We'd something else if I couldn't see,
The space or the time we'd meet.
And the ways I need your h're with me
So the time of year
To the time that we left again
To get lost in the midnight street
And the night when we felt younger then. Let it out now,
If there is something to say,
Come on break down,
'Cause you know anyways
We are losing all these feelings
If we can't speak,
Eye to eye to each other.

Trust.

Where are we going this time?
Can we be more than friends?
'Cause I have my money on you tonight.

Trust.

I was just living a lie.
This time I just can't pretend,
'Cause I've got my money on you tonight
Isn't this all out?
Isn't this all strange?
How we cry,
How we look,
How we break down,
How we change?

But tonight I need your faith in me.
So the time of year,
The time of day
When we left it all
Or the car in the midnight fall
To the night when we felt younger then.
Let it out now,
If there is something to say,
Come on break down,
'Cause you know anyways
We are losing all these feelings
If we can't speak,
Eye to eye to each other.

Trust.

Where are we going this time?
Can we be more than friends?
'Cause I have my money on you tonight.
Trust.
I was just living a lie.
This time I just can't pretend,
'Cause I've got my money on you tonight Oh if I fall,
Oh if I fall down
Upon me knees
Oh if I fall down upon me knees
Would you save me from here?
Oh, would you save me from here? Trust.
Where are we going this time?
Can we be more than friends?
'Cause I have my money on you tonight.
Trust.
I was just living a lie.
This time I just can't pretend,
'Cause I've got my money on you tonight
