

# Ugh (feat. Ty Dolla \$ign & Problem)

## Berner

Put it down like ugh  
Fuck my bitch like ugh  
All in that ugh  
Ya I'm on that ugh  
I just popped me a ugh  
Now I'm runnin' like ugh  
Got me feeling like ugh  
Pussy feel so ugh  
Got my dick like ugh  
Feeling like ugh  
Pussy feel so ugh  
Got my dick like ugh  
Told her back it up like juvenile  
Turn it up blowin stupid loud  
And I'm gone off a moonrock  
Think I might fuck me a cougar  
Still I gotta groove that  
You paying for the pussy, where they do that  
Saving all your money, where the jewels at?  
I took your bitch and put it down like...Every girl I fuck got a boyfriend  
I guess they don't do it right  
Her pretty ass wanna party with a rap star  
Bet she'll suck the whole damn crew tonight  
Roley, I use to ride around in a stoley  
Pour a bottle on the crowd, for all the dead homeys  
Fuck boys wanna box in here, but my young boys all got gloccs in here  
I see a couple B's in here, but I got my homeboys throwing up C's in here  
Yehh bitch this is gangster  
Take a fingernail and dip it in a bath full of Molly like...  
This big bad chacha  
Hit it with the D, bet the bitch gon' stock me  
Squad full of dirtbags, clique so sloppy  
March 2 my nigga and your clique gon stop me  
Bang with my bros  
Fade in my 4s  
Either getting paid or smoking Js with some hoes  
That bitch ass fat looking good in them clothes  
Wonder what it looks like off tho  
Hope it ain't awful  
Hoping it's soft hoe  
Fuck it then eat you in the morning like waffles  
I'm off the block bro

Compton foreal  
Molly whipping pussy and they talking appeal  
Nigga like...
