

Lamb (feat. Ro Ransom)

Felix Snow

[Intro]

Damn, girl, damn, girl

Damn, girl, damn, girl

[Verse 1]

Damn, the way she give me brain

The way she give me brain

I'm in the Lamb, switching lanes

Diamonds on my chain

Baby, you been running game

But now, you gotta stop playing

Barely know your name

But you got me playing Purple Rain

The way she give me brain

The way she give me brain

I'm in the Lamb, switching lanes

I won't ever be the same[Break]

[?]

[Verse 2]

Introduce you to the game

Pull up in the Bruce Wayne

I won't ever be the same

The way she give me brain

The way she give me brain

Top it off with champagne

Diamonds on my chain

I won't ever be the same

Damn, girl, damn, girl

Damn, girl, damn, girl

Damn, girl, damn, girl

Damn, girl, damn, girl[Outro]

And if you step into his world with his mind

You will see it quickly change into a beautiful, exciting world of fantasy
