

# Telekinesis

## Ne-Yo

Ladies, welcome to the gentleman's lair  
Understand that what happens here stays here  
So with that being said, inhibition off  
Close your eyes if you're feeling bad  
But there are things I'm gonna do to you  
Sexy things, ooh, amazing things  
That you're gonna need to see to believe are true  
Hypnotized, not in here, baby  
But your state of mind will be altered  
Paradise is my body, girl  
And we're gonna go there 'cause you wanna go there  
Girl, have you ever  
Had someone take the time  
To sex your body  
But also sex your mind  
Telekinesis  
Baby, let me touch you without touching you  
Telekinesis  
Baby, let me touch you without touching you  
Take this ride on a fantasy  
I'll be your guide, I'll get you there  
So divine in that pretty dress  
Let me take you out of it, I'm just thinking about it  
I can fly, come with me, baby  
To the skies of satisfaction  
Paradise is my body  
And we're gonna go there 'cause you wanna go there  
Girl, have you ever  
Had someone take the time  
To sex your body  
But also sex your mind  
Telekinesis  
Baby, let me touch you without touching you  
Telekinesis  
Baby, let me touch you without touching you  
Baby, let me touch you without touching you  
Telekinesis  
Let me touch you without touching you, baby  
Telekinesis  
Baby, let me touch you without touching you  
Girl, have you ever  
Had someone take the time  
To sex your body  
But also sex your mind  
Telekinesis  
Baby, let me touch you without touching you  
Telekinesis  
Baby, let me touch you without touching you  
Girl, have you ever  
Had someone take the time  
To sex your body  
But also sex your mind  
Telekinesis

Baby, let me touch you without touching you  
Telekinesis  
Baby, let me touch you without touching you
