## The Cult

Hey Nico, stay strong in this world  
My girl, ignore their cold words  
The song of your heart's so true  
The sigh is a way for you  
Hey Nico, stay strong in this world I watched your spirit fly  
Across the velvet sky  
The secrets that you hide I'm lost inside your sweet kiss  
Hey Nico, the life that you missed  
Sometimes you're so strange to me  
Alone as your heart that bleeds alone  
Hey Nico, stay strong in this world, my girl  
I watched your spirit fly  
Across the velvet sky  
The secrets that you hide  
Yeah, the secret that you hide, that you hide Then you fell  
And then you fell  
And then you fell  
And then you fell straight to hell Straight to hell  
Straight to hell  
Straight to hell  
Striaight to hell The silence of your wings  
The beauty that it brings  
A kiss before we die  
One kiss before we fry  
I watched your spirit fly  
Across the velvet sky  
The secrets that you hide  
The secret that you hide  
Whoa-whoa, yeah I watched your spirit fly  
Across the velvet sky  
The secrets that you hide  
A secret that you hide, that you hide Yeah, yeah...
