

# Legend (feat. Wasiu)

## Apashe & SLUMBERJACK

(Yeah, yeah)  
Tiptoe on the ledge (Yeah)  
Live life on the edge (Yeah)  
Pistol to the head (Yeah)  
I'ma die a legend (Legend, huh?)  
I'ma die a legend (Yeah, yeah)  
I'ma die (ey) (Ooh)Legendary (Yeah)  
I'll be legendary (Uh, yeah)  
Necessary (Yeah)  
Saw my death, it's scary  
Ancestors dead already  
Death hereditary  
Won't stop unless I'm buried (Yeah)  
And I ain't ever ready (Yeah)  
They say life's a bitch, well I say fuck it, I'll seduce her (ey)  
Rock Versace shades in case I run into Medusa (ey)  
Face to face with death but she was blinded by my jeweler  
They say God don't like no ugly, well I'm lucky 'cause I'm cuter (ey) (ey)  
I wear all black just in case now  
Yeah fuck the world, I'll be face down  
They kissing asses at funerals  
I keep 'em pissed like a urinal  
Death 'round the corner, don't trust him  
Don't even fuck with his cousin  
I stay awake 'cause I'm wondering  
When will it all fade to nothing?  
Nah, fuck that  
Tell the reaper I ain't ready  
I'ma fight him, he ain't scary  
I'm a beast and in the Belly  
All eyes on me, shut them rarely  
I got 2 packs, come and get me  
'Gainst the world and if the dead me  
I'll be back like Macaveli  
I can see my death from here  
The more I look the less is clear  
The end is near, offend your fears  
And fuck the tears, this is a legend year  
I can see my death from here  
The more I look the less is clear  
The end is near, offend your fears  
And fuck the tears, this is a legend yearLegendary (Yeah)
