

Thanks For Nothing

Brandyn Burnette

It's been a week or so
Our force to fight was impossible,
You changed the locks and kicked me out the door
I traded my bed for my friend's basement floor
I saw what you took from me, waking up today
And I know your number's changed
But I say it anyway I have nothing, nothing without you
But a lot of sex, a little more money
A little more stress and a whole lot of fun
Nothing, nothing without you
Somebody else would love me for myself
Feeling like me when I would take you
Thanks for nothing!
Life is strange, stranger than fiction
Reads it along the page
My own addiction worth a queen on may
Left me for dead but I'm alive again
Ooh oh oh oh yeah I don't need yesterday or your bless to play
Too bad your number's changed
I would say it to your face
I have nothing, nothing without you
But a lot of sex, a little more money
A little more stress and a whole lot of fun
Nothing, nothing without you
Somebody else would love me for myself
Feeling like me when I would take you
Thanks for nothing! Ooh oh yeah
Thanks for nothing
'Cause my mama thought me say Thank you
When you're left with nothing, say Thank you
It's a brand new way to say Fuck you,
After all I've been through I gotta thank you for nothing
Ooh oh oh oh ooh oh ooh oh I have nothing,
I have nothing, nothing without you
But a lot of sex, a little more money
Feeling like hack with more of your bunnies
Nothing, nothing without you
Somebody else would love me for myself
Feeling like me when I would take you Thank you for the freedom,
Thank you for last night
Couldn't be there, probably was the good time
Thanks for the girls that never wouldn't met me

Begging me to do what you never wouldn't let me
THANKS FOR NOTHING!
