

# Children Surrender

## Black Veil Brides

We're born into the night like children of the damned  
Our pain will shine a light to those who understand  
Born into the night  
Pain will shine a light  
Whoa whoa sink your teeth into forever  
Whoa whoa sunlight burns Children Surrender  
An exercise of life to cut beneath our hands  
Like souls who missed their plight, we'll bleed along the sand  
Born into the night  
Pain will shine a light  
Whoa whoa sink your teeth into forever  
Whoa whoa sunlight burns Children Surrender  
Solo  
Sink your teeth into forever  
Whoa whoa sink your teeth into forever  
Whoa whoa sunlight burns Children Surrender
