

# Temporary High

Syence & Heather Sommer

Sometimes, I like LA sunrise  
Most nights, I try to be all by myself, myself  
But I still need you Never knowing who I'm calling  
Hiding all the things I don't want to say  
When I wake up in the morning  
Something keeps on telling me to stay Temporary high  
The way our minds sync perfectly in time  
Cause wherever I go, you gotty know, you're on my mind  
Temporary high  
The way our minds sync  
But I still need you  
But I still need you  
But I still need you I know you like drinks, fast cars and the moonlight  
Most night, you're right Never knowing who you're calling  
Hiding all the things you don't want to say  
When I see you in the morning  
Something keeps on telling me to stay Temporary high  
The way our minds sync perfectly in time  
Cause wherever I go, you gotty know, you're on my mind  
Temporary high  
The way our minds sync (sync, sync, sync, sync)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah)  
But I still need you (yeah) Sometimes, I like LA sunrise  
Most nights, I try to be all by myself, myself  
But I still need you
