

I Need Air

Magnetic Man

Electrify my body
And you're makin' me feel
Like I'm so electric
Everything you do is makin' me
Blow Blow Blow Don't know what to do about it
Can't seem how to live without it
All I wanna do is just
Know Know Know You suffocate my mind
And now my atmosphere is crowded
And you being here is makin' me
Blow Blow Blow
You penetrate my space
And now I'm looking out of place
And you're makin' it hard for me

I need air! I

Breathe

Air!

I

Breathe

Air!

I

Breathe

Air!

I

Breathe

Air!

Kaleidoscope of colours that you bring to me
You're freaking out my energy
I'm losin' and you're makin' me
Low Low Low Don't know what to do about it
You and I can't live without it
All I wanna do is just
Go Go Go You smother my emotions
Now I'm drowning in your ocean
And I'm runnin' and I'm feelin' like
I don't care Penetrate my space
And now you're looking out of place
cuz you're makin' this hard for me

I need air! I

Breathe

Air!

I

Breathe
Air!
I
Breathe
Air!
I
Breathe
Air!Makin' my body so erratic!
...Just makin' my body so erratic!Give me air!
I need air!You penetrate my space
And now I'm looking out of place
And you're makin' it hard for me
I need air!I
Breathe
Air!

Breathe
Air!
I
Breathe
