

# Come On a Cone

Nicki Minaj

Bitches ain't serious, man, these bitches delirious  
All these bitches in-furious, I just pimp my interious  
I just pick up and go; Might pick up a ho  
Might give conversation, if you kick up the dough  
Never mind my money; never mind my stacks  
Every bitch wanna be me  
You can find 'em in Saks  
Pink Friday, two milli; Super Bass, triple plat  
When you see me on Ellen, just admit that I'm winnin'  
Do a show for Versace, they request me by name  
And if they don't get Nicki, it just won't be the same  
When I'm sitting with Anna, I'm really sitting with Anna  
Ain't a metaphor punchline, I'm really sitting with Anna  
Front row in Oscar de la Renta posture  
Ain't a bitch that could do it, not even my impostor  
Put these bitches on lock out, where the fuck is your roster?  
I pull up in that new new marinara and pasta  
Shake my head, yo, I'm mad  
Ain't a bitch in my zone  
In the middle of nowhere, I just feel so alone  
Got the certification, cause it come with the stone  
But, this ice is so cold, it should come on a cone  
It should come on a cone, it should come on a cone  
Yeah, my ice is so cold, it should come on a cone  
It should come on a cone, it should come on a cone  
Cause my ice is so cold, it should come on a cone  
7up went and gave my commercial to Cee-Lo  
But don't tell them I said it, lets keep it on the D-low  
If you need you a look, just put me on your song  
But, you know it'll cost about six figures long  
But, you bitches ain't got it, where the fuck is your budgets?  
Flying spurs for hers; me, I'm fucking above it  
And I just got the ghost, and I'm calling it Casper  
But that is so cold, it belong in Alaska  
Why the fuck am I styling?  
I competes with myself  
When you win against Nicki, you depleted your wealth  
And I'm not masturbating, but I'm feeling myself  
Paparazzi is waiting, cause them pictures will sell  
Now don't you feel a-stupid, yeah, that's egg on your face  
If you weren't so ugly, I'd put my  
dick in your face  
Dick in your face  
Put my dick in your face, yeah!  
Shake my head, yo, I'm mad

Ain't a bitch in my zone  
In the middle of nowhere, I just feel so alone  
Got the certification, cause  
it come with the stone  
But, this ice is so cold, it should come on a cone  
It should come on a cone, it should come on a cone  
Yeah, my ice is so cold, it should come on a cone  
It should come on a cone, it should come on a cone  
Cause my ice is so cold, it should come on a cone  
Woohoo, dick in your face  
Woohoo, dick in your face  
Woohoo, dick in your face  
Put my dick in your face  
Put my dick in your face, yeah yeah!  
Yeah, yeah  
Yeah, yeah
