

# Too Much

## French Montana

I copped a house on the hills on the west side  
I'm out in Cali smokin', shorty, we blazin'  
Kept a 100, 100 strong on the east side  
Hit the hood, they be goin' crazy  
Too much hate, too much hate  
Too much pay, too much pay  
Too much talk, too much talk  
Too much cloth, too much cloth  
Too much floss, I take two months off  
Two months off, too much talk  
Too much cloth, haaan  
Young Blood, 212 with a 12 gauge pump  
Try to bring the foreigners out, hit the hood like Trump  
Hills party like Women's March, piranhas killin' sharks  
You ain't built, don't talk too much cloth  
Mi young boys hit you, have you drippin' too much sauce  
Hooked up to the IV, yeah, few months off  
Snipe squad, roof top, dump, free-fall steps  
Wanna catch me slippin' like they caught Meek on the steps  
Yeah, baby tryna find her way, but it ain't nem  
Twice as much, baby, you ain't twice is more  
Caught a crib on the west side, Selena  
Started from the block with a pack, shawty mad  
I copped a house on the hills on the west side  
I'm out in Cali smokin', shorty, we blazin'  
Kept a 100, 100 strong on the east side  
Hit the hood, they be goin' crazy  
Too much hate, too much hate  
Too much pay, too much pay  
Too much talk, too much talk  
Too much cloth, too much cloth  
Too much floss, I take two months off  
Two months off, too much talk  
Too much cloth, haaan Too many stories, too many pages  
Too many real niggas in too many cages  
Too many fake niggas with too many faces  
Too many war stories, on too much medication  
Put the game in a chokehold, squeeze 'til ain't nothin' left  
Too many round  
Peel my top back, watch crystal meth  
Too much cut coke, too much floss  
There's too much cutthroat, there's too many bosses

Puff about to hit a billi', I'm on a hundred mil' burglary  
I know you heard of me, fresh off the hell rap surgery  
Put some gravel in your craw, talkin' bout the bar (too much talk)  
Know you heard of us, nigga, talkin' New YorkI copped a house on the hills on the west side  
I'm out in Cali smokin', shorty, we blazin'  
Kept a 100, 100 strong on the east side  
Hit the hood, they be goin' crazy  
Too much hate, too much hate  
Too much pay, too much pay  
Too much talk, too much talk  
Too much cloth, too much cloth  
Too much floss, I take two months off  
Two months off, too much talk  
Too much cloth, haaanMontana!
