

HAPPY WITHOUT ME

MONSTA X

???? (Monsta X) - Happy Without Me Lyrics Has it really been five months, six months?

Glad to see we both moved on, moved?on

Do?you think about?me sometimes?

'Cause I think about you?sometimes

Didn't know you liked to party like that

Now you always got a drink in your hands

'Cause you're having fun but I'm not'Cause I hate to see you happy without me

I should really want the best for you

But you know I gotta tell the truth (Truth)

And I hate to see you happy without me

I know I told you that we'd still be friends

But I see pictures of you smiling

And I hate to see you happy without me

(Happy without me, happy without me)

Me (Happy without me, happy without me)

Me (Happy without me, happy without me)

And I hate to see you happy without me

Yeah, I know it didn't work out together

But somehow you got me worse than ever

I don't think about you sometimes

'Cause I think about you all the time

And it's crazy 'cause honestly, I'm doing okay

But the other ones I'm talking to don't feel the same at all, mmm-mmm'Cause I hate to see you
happy without me

I should really want the best for you

But you know I gotta tell the truth (Truth)

And I hate to see you happy without me

I know I told you that we'd still be friends

But I see pictures of you smiling

And I hate to see you happy without me

(Happy without me, happy without me)

Me (Happy without me, happy without me)

Me (Happy without me, happy without me)

And I hate to see you happy without me

Maybe I'm just really good at faking smiles

Posting all those pictures 'cause you know that I will seeOh, 'cause I hate to see you happy
without me (Happy without me)

I should really want the best for you (I should really want the best for you)

But you know I gotta tell the truth (But you know I gotta tell the truth)

And I hate to see you happy without me (Woah, happy without me)

I know I told you that we'd still be friends

But I see pictures of you smiling (I see pictures of you smiling)

And I hate to see you happy without me
(Happy without me, happy without me)
Me (Happy without me, happy without me)
(And I don't wanna see you happy)
Me (Happy without me, happy without me)
And I hate to see you happy without me
