

# Good Idea (feat. Bia)

## Kid Ink

I think that it's a good idea (it ain't wrong)  
I think that it's a good idea (you ain't home)  
I think that it's a good idea (still you)  
I think that it's a good idea (came through) In fact, it's a good idea  
You can bring that ass here  
Acting like you had that pill  
Where your cup? When the last time you had refill?  
Young [?] on that can't stop, won't stop  
Green light, running through the city like [?]  
Seem like we the only niggas in the street with it  
[?] like honeycomb chain about the beehive  
I think I'm going loco-motion  
Flying 'round the world, no loco-motive  
Saying you the man only locos-[?] Make the bitches disappear hocus-pocus See you don't  
normally do it, but you gon' do it for me  
He don't know [?]  
If you whip that shit, go ahead flip that shit  
I think it's a good idea, we get up outta here  
Get up! (Get up!)  
Get up! (Get up!) I think that it's a good idea (Get up!)  
Good idea, we get up outta here Good idea (Get up!)

It feel like I'm always picking the [?]  
Because everybody want a picture of the boss  
Just don't ever picture me broke  
I be trying to move this, silence  
Fee-fi-fo, but I'm like a giant  
Niggas say I'm late but it's perfect timing  
Then pull up but I pull off in sirens [?] in LA feel like summer in the winter  
It feel like somebody is watching  
I look around and it's the whole fucking party See you don't normally do it, but you gon' do it  
for me  
He don't know [?] If you whip that shit, go ahead flip that shit  
Because it's a good idea, we get up outta here  
Get up! (Get up!)  
Get up! (Get up!) I think that it's a good idea (it ain't wrong)  
I think that it's a good idea (you ain't home)  
I think that it's a good idea (still you)  
I think that it's a good idea we get up outta here I think that it's a good idea you get your ass

All these bitches call me [?]  
Lookin' like Miley with your cameltoe  
All the Victoria Secrets I ain't told
