

Classic Girl

Jane's Addiction

In my neighborhood,
When shots go off,
No one bothers.
A POP, and a reply POP, and no reply...Dinosaurs on the quilt I wore
With a girl.
Such a classic girl...
Such a classic girl...
Such a classic girl,
Gives her man great ideas.
Hears you tell your friends,
Hey man, listen to my great idea!
It's true I am a villain
When you fall ill,
that's probably becauseMen never can be.
Not like a girl.
A classic girl...
Such a classic girl...They may say, Those were the days...,
But in a way,
You know for us these are the days.
Yes, for us these are the days,
And you know you're my girl!
Such a classic girl...
Such a classic girl...Yeah for us these are the days...
