

Saltwater Gospel

Eli Young Band & Jimmy Buffett

Every Sunday I see people filing in through those front doors
Got a cross up on that steeple, yeah it's time to praise the Lord
Some watch it on their TV, sitting on the couch
Me, I get in my old Bronco and point those headlights out
Oh, ain't got too many miles to go, to
save my soul
Hey I go down and sink my feet in the water
And I soak up that sun and I watch it set
Yeah, I can feel the power of the saltwater gospel
I'm as close to God as I can get
Now there ain't nothing wrong with putting on your Sunday best
Me, I won't be wearing nothin' that I can't get wet
I just think about how small I am and life after we're gone
I'm out here by myself but I know I'm not alone
Yeah, I got all the proof I need and it sure
makes me believe
When I go down and sink my feet in the water
And I soak up that sun and I watch it set
Yeah, I can feel the power of the saltwater gospel
I'm as close to God as I can get
Amen
I'm in heaven watching all these waves roll in
Amen
When I'm lost I know where to get found again
Yeah I go down and sink my feet in the water
And I soak up that sun and I watch it set
Yeah, I can feel the power of the saltwater gospel
I'm as close to God as I can get
Yeah I go down and sink my feet in the water
And I soak up that sun and I watch it set
Yeah, I can feel the power of the saltwater gospel
I'm as close to God as I can get
