

Errors

Davin

The sound of your voice...
Is therapy to my ears...
There's no other one...
That I am wishing to hear...
A touch from your hand...
Will always make me see clear...
My feelings are blurred...
Now that you're not here...I learned my lesson
When I let you go
Broken and hurting
You and me both
I learned my lesson
When I let you go
But this one mistake move
That I care much more
I know I made these errors
I know I made these errorsI stop calling back...
So I can reach for the stars...
Then I realized...
We were meant to be apart...
Selfish and wrong...
Only you can help with my flaws...
Above everything...
I got to fix the damage I caused...
I learned my lesson
When I let you go
Broken and hurting
You and me both
I learned my lesson
When I let you go
But this one mistake move
That I care much moreI know I made these errors
I know I made these errors
