

# Can't Ignore (feat. 2 Chainz)

Dave East

Money, murder, murder I never ran off on the plug  
But I run out of court  
Talking bricks like they building a fort  
But Margiela they cannot afford  
Loco was whipping good  
Said it click when you hit with the fork  
I'm true to Allah and I don't fuck with cops  
Keep me away from that pork  
I'm prolly one of the realest yet  
Trust me these niggas can feel a threat  
I'm not too concerned with the internet  
Come pop up in spots where we really at  
I think in my city I'm killing that  
I'm from Harlem, how I'm not conceited?  
Drop the Beamer and it's chocolate seated  
Smoking sour, you still chocolate weeded  
My younging hit you, he ain't got a reason  
Deals is coming in, I got to read 'em  
Warren Buffet shit, I gotta meet him  
Hitter starving and I gotta feed him  
This shit I cannot ignore  
Swipe, ran out the store  
I be looking like I came off a tour  
You might make it rain but we make it pour  
Ask them bitches bout me, they say for sure  
How could I ever get bored?  
Her pussy good, I could never get bored  
I got a condo I'm never gon' show her  
We gon' do tellies so upstairs with cheddy  
No Benihana bitch go to the deli  
My life in a rush, ain't no time to get ready  
This shit I cannot ignore  
I spend a few grand in that store  
How you out holding hands with a whore?  
Hand to hand with the greens, I need more  
This shit I cannot ignore  
Tell me how can I get bored?  
Coconut seats in the Porsche  
This shit you cannot ignore  
All of this money keep coming in  
This shit I cannot ignore  
Balmain from my head to the floor

This shit you cannot ignore  
This shit I cannot ignore  
Tell me how can I get bored?  
Coconut seats in the Porsche  
This shit you cannot ignore  
All of this money keep coming in  
This shit I cannot ignore  
Balmain from my head to the floor  
This shit you cannot ignore  
2 Chainz!  
This right here Christian Dior  
You never seen it before  
Ever since a nigga tried me in Cali  
I took a chopper on tour  
You can ask TMZ, MTV, BET  
I got more dimes than CP3  
Came from the EBT, now these foe envy me  
That's off the top just like Kennedy  
See this is that pay style  
I turn your girl to a Paypal  
I'm turning dinner to takeout  
I gave her D just like 8 Mile  
Whew, Skittles and M&Ms  
Murder and killer the synonyms  
Even massages ain't feeling them  
It's more than a threat than a synonym, ooh  
I never fold under pressure  
I keep that thing by the dresser  
I keep it right by the Bible  
I hope it don't mess up my blessings, Lord  
You can ask Short I'm finessing  
Yeah you can ask God I was reckless  
Yeah you can ask Joe bout my neckless  
Yeah he put all the ice in that motherfucker  
I brought all the dice in that motherfucker  
Straight hole like Yanks in this motherfucker  
Shit you just cannot ignore  
Pinky ring bigger than yours  
And my lean pinker than yours  
My girl pussy pinker than hers  
I bought a Porsche just to trap in  
I came on that cat when I'm bored  
This shit I cannot ignore  
Tell me how can I get bored?  
Coconut seats in the Porsche  
This shit you cannot ignore  
All of this money keep coming in  
This shit I cannot ignore  
Balmain from my head to the floor  
This shit you cannot ignore

This shit I cannot ignore  
Tell me how can I get bored?  
Coconut seats in the Porsche  
This shit you cannot ignore  
All of this money keep coming in  
This shit I cannot ignore  
Balmain from my head to the floor  
This shit you cannot ignore
