

The Good Life

Hannah Montana

I tell you what we're gonna do
What you need to know
What you gotta get
To get where you're wanna go Never ever missing out
If you run all this place
When you find your style
Everyday's a holiday I show you how to work it
(I show you how to work it)
To find nothing is perfect
(To find nothing is perfect)
I know that you deserve it
(I know that you deserve it)
Woho
Woho
Woho
Oh This is the good life
Take a good look
Have anything you want
This is the good life
Dining with your friends
At a fancy restaurant
Living the good life
We have such a good time
Right now Grab a little gucci bag
And some prada shoes
(Here)
Take my credit card
They're all here to wait on you
Jimmi shoe calls up your name
Seeing you on every wall
When you can't decide
That's ok just buy the mall There's nothing more appealing
(There's nothing more appealing)
Oh
There's nothing more to feeling
(There's nothing more to feeling)
Hey
Control the floor this evening Woho
Woho
Woho
Oh This is the good life
Take a good look

Have anything you want
This is the good life
Dining with your friends
At a fancy restaurant
Living the good life
We have such a good time
Right now Take it slow
Never stop
Fill those bags up to the top
(Whoa) Turn around
Try it on
Now up to the hair salon Don't be scared
I just stay
There's no need to lay away
(Ha ha) Smack your ?
Bring it up and ? 1, 2, 3, 4 This is the good life
(Good life)
Take a good look
Have anything you want
This is the good life
(Good life)
Dining with your friends
At a fancy restaurant
