

# You Remain (feat. Ritual)

## Kungs

Hold your horse you're running me wild  
You're something I can't ignore  
Have your say, I need every line  
I'll sing every word But leave me chained, 'cause I am free  
I'll find that space  
Where only you remain, you remain with me  
You remain with me Every pulse of your body's alive  
You move me beneath the stars  
To forget before  
I'm different, except there's nowhere to go  
But leave me chained, 'cause I am free  
I'll find that space  
Where only you remain, you remain with me  
You remain with me I'm never gonna hold back  
You're something that I can't let go  
I'm wanting you to know that  
I'm never gonna hold back  
You're something that I can't let go  
I'm wanting you to know that  
I'm never gonna hold back  
You're something that I can't let go  
I'm wanting you to know that  
You remain with  
Leave me chained, 'cause I am free  
I'll find that space  
Where only you remain, you remain with me
