

Luv 2 Luv (feat. Shaunta Montgomery)

Timbaland

[Timbaland:]

Dance with me... Whaaat?

Dance with me... Say what, say what?

Tango with me... Say what, say what? [Repeat x 2]

Dance with me... Say what, say what? [Repeat x 2]

Tango with me... Say what, say what?

Haha, bring it in Ooooh, I love what you got on

A tight see-through dress with some green and pink thongs

Word is bond, can I pick you up in my eight-five-oh

Or do you want to pick me up, in your black limo

Here goes, an evening that's memorable

A year ago you didn't like me 'cause I had no dough

Whoa, a black man on a mission, wishin'

That your crazy ass would listen, hear 'bout what you been missin'

I know you want to do it, I know you want to ride it, my pony

Get on me, bone me, act like you own me

Then I gotta feel your crazy ass out homie, what? [Chorus: Playa:]

Oooohhh, luv 2 luv ya, baby [Repeat x 4]

[Timbaland:]

I love you baby, I love you baby what?

I still love you, say what say what?

Uhh, I love you baby, uh uh uh uh I love you baby

What? I love you baby

Tell me how much you love me

[Shaunte:]

Tim, come over here and take my address

I undress in a black negligee like Faye Dunaway

Run your fingers through my hair and squeeze my nipples

Love the way you're talkin' in my ear like that baby tickles

Later for uptown, no time to go downtown

I'm wild, since you see Club Clit, now take a look around

Dive in, my Billy Ocean, crazy drunk now

Quick to respond, when I come just keep it there now

Move over please, 'cause you're drivin' me nuts

You went past my sugar-wall straight to my guts

I came, you come, you still do amaze me
