

# The Sweetest Gift

Sade

quietly while you were asleep  
the moon and i were talking  
i asked that she'd always keep you protected  
she promised you her light that you so gracefully carry  
you bring your light and shine like morning  
and then the wind pulls the clouds across the moon  
your light fills the darkest room  
and i can see the miracle that keeps us from falling  
she promised  
all the sweetest gifts  
that only the heavens  
could bestow  
you bring your light and shine like morning  
and as you so gracefully give her light as long as you live  
i will always remember  
this moment
