

# Choppers (feat. B.G. & Big Tymers)

## Project Pat

On the block we got them choppers  
We got them choppers in the car, we got them choppers  
We got them choppers at the club, we got them choppers  
We got them choppers, ain't no love, we got them choppers  
We got them choppers On the block we got them choppers  
We got them choppers in the car, we got them choppers  
We got them choppers at the club, we got them choppers  
We got them choppers, ain't no love, we got them choppers  
We got them choppers Look chopper totin' is my occupation  
Set my ground, I'm representing in this situation  
Since I was young, it been all about paper chasing  
It was a trauma for niggas that been player hatin'  
I don't give a fuck, call it short, ten years I was facing  
Bitch wanted B.G.z to get out but that ain't 'bout natin'  
B.G., a livin' legend that represent the streets  
T.V's is what I'm watching while I'm in my Mercedes Jeep I don't check niggas then splittin'

I'm thuggin' with Project Pat, we all rich niggas

Nigga hope after the show, I'm fucking yo bitch nigga Act like a nigga, Cash Money like to

Pay attention 'cause we hypnotize yo mind nigga  
About my cash, so I stay on the grind nigga  
You wanna war, look I'm ready at all times nigga  
'Bout mine nigga, get it right, get it right What you say B.G.z, these niggas better  
Get it right, everybody stay in line  
Niggas totin' gats and breakin' backs  
But in 98, we shine in 99  
It's nigga time and I'm gone get mine  
Niggas incausterated doing time shouting, "Fuck one time"  
Got limo tents with Rolie's that gone line  
Totin' two nine's shots from the front and behind Let bitch niggas know they can't take mine  
I'm using my mind 'cause I'm enhancing doing crime  
And you gone hear it in all my rhymes  
I'm moving bricks to set tricks making sure Every hoe I fuck with, suck my dick  
My baby momma could miss me with that bullshit  
I want the money, a Rolex, a 99 Roles Royce Kaneice slick  
Niggas bettin' shoutin' how you love that? These other niggas keep stealin' but I don't
