

# Light Me Up (feat. Miguel & Julia Michaels)

## RL Grime

[Verse 1: Miguel]

You can dry your tears, every tide must change

Calm your fears, you can climb again

We forget that it's so easy to love when everything is good

Don't compare, 'cause every seasons reign

While you're here, just know I'll hold your hand, hand, hand, hand[Pre-Chorus: Miguel]

And I will guide you

Let me remind you

Heights I would fly to

Depths I would dive to

Yeah I'll always find you

[Chorus: Miguel]

Yeah baby light me up

You can breathe me in

I'mma hold you up

Until the quiet comes, woah

Yeah baby light me up

You can breathe me in

I'mma hold you up

Until the quiet comes[Verse 2: Julia Michaels]

Sure we have our fights

Sure we have our doubts

Sure, we lie

We're not lying now, we know why

'Cause it's so easy to love when everything is good

Hold my skin, hold me in your hands

Let's begin, to give you all I am

Mmmm, to give you all I am

[Pre-Chorus: Julia Michaels]

And I will guide you

Let me remind you

Heights I would fly to

Depths I would dive to

Yeah I'll always find you[Chorus: Miguel & Julia Michaels]

So baby light me up

You can breathe me in

I'mma hold you up

Until the quiet comes, woah

Baby light me up

You can breathe me in

I'mma hold you up

Until the quiet comes, yeah

Until the quiet comes[Bridge: Miguel & Julia Michaels]  
La, da, de, da, da, da  
You and I should tag our names across the sky, yeah  
You and I, across the sky, across the sky babe  
La, da, de, da, da, da  
Babe, babe  
So what, if we don't even have to try?  
Babe, babe  
Babe, babe  
No, no, no, no, no[Chorus: Miguel]  
So baby light me up  
You can breathe me in  
I'mma hold you up  
Until the quiet comes, woah  
Baby light me up  
You can breathe me in  
I'mma hold you up  
Until the quiet comes, yeah  
Until the quiet comes
