

# Sleepless Nights (Never Let Her Go)

## Faber Drive

Another sleepless night  
And still staring at the ceiling  
I can hear him fighting with her  
For no good reason Will this ever end?  
Will this house be a home again?  
If I had my way  
I'd corner him and say Put yourself in her position  
All she needs is recognition  
Love's not enough when you say it  
Don't you know you gotta mean it? Screwing up the best thing ever  
Is something you'll regret forever  
Another day goes by  
And nothing's changed  
She's still the same  
I can hear her crying  
Thinking she's the one to blame Will this ever end?  
Will this house be a home again?  
If I had my way  
I'd corner him and say Put yourself in her position  
All she needs is recognition  
Love's not enough when you say it  
Don't you know you gotta mean it? Screwing up the best thing ever  
Is something you'll regret forever Take her and make sure she feels it  
Let her know you'll never let her go  
Screwing up the best thing ever  
Is something you'll regret forever Another sleepless night  
And nothing's changed  
She's still the same  
Another stupid fight a  
Ad someone's gotta say Put yourself in her position  
All she needs is recognition  
Love's not enough when you say it  
Don't you know you gotta mean it? Screwing up the best thing ever  
Is something you'll regret forever Take her and make sure she feels it  
Let her know you'll never let her go You'll never let her go  
No, no, no Put yourself in her position  
All she needs is recognition  
Take her and make sure she feels it  
Let her know you'll never let her go
