

All Sparks

Editors

You're answering questions
That have not yet been asked
All sparks will burn out in the end You burn like your bouncing
Cigarettes on the road
All sparks will burn out in the end All sparks will burn out
All sparks will burn out
All sparks will burn out
In the end
You're casting opinions
At people who need them
All sparks will burn out in the end Well, be careful angel
This life is just too long
All sparks will burn out in the end All sparks will burn out
All sparks will burn out
All sparks will burn out
In the end You burn like a bouncing cigarette
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
All sparks will burn out
In the end
