

# Victim of the Ghetto (feat. Rell)

## Freeway

Ch

Down in my area, chk a chk uh real shit nigga uh

It's the ROC

Yeah, Free yeah uh feel me

Pa pause

Yo yoI was born in West but migrated to North

Remember cold nights grindin' AK and a toss

Four door for the stick up boys if they want war

Fiends comin' all night all I heard was four moreRocks in the cap when it was jumpin' me and

Rell hit dances

You could pick me out the crowd rockin' the cap

But things change 'cause my man Rell fightin' a body

On state row where it's so cold

Rockin' his blues, I roll with the ROC

Still trynna rock at a show shit ain't like '98 niggaz pockets is low

Which way do I go? Indictments blew over

Man whipped a few shoulders shovel nick boulders gettin' it slowMe, I'm in the studio switchin'

the flow

Changin' the styles my son and daughter need pampers

'Cause they just shittin' them up and changin' the size

My man Just quipped the Jags see the change in his eyesAnd I eat, sleep, buy, sell drugs

'Cause I'm just another victim of the ghetto

When I rob, steal, lie to get money, bust slugs

'Cause I'm just another product of the ghettoAnd I eat, sleep, buy, sell drugs

'Cause I'm just another victim of the ghetto

When I rob, steal, lie to get money, bust slugs

'Cause I'm just another product of the ghetto

This is how it goes down in these ghetto streets

This is how it goes down in my neighborhood

This is how it goes down in these ghetto streets

This is how it goes down in my areaMy man blingin' platinum wheel, platinum gat

Took a trip down South came back with platinum caps

I'm still trynna write platinum raps

But made a slight change from verse one started jugglin' packsIt's like I'm travelin' backwards

Rewindin' the time putting four on nine

Must be outta my mind nine, get it outta my palm

Just grab four and a half get it outta my trunkFree we need you at the studio, out to lunch, out

on the block

These niggaz just pulled out on my man

And the only rock I worry 'bout is right on my face

We 'bout to go shake, rattle his block with no plansShots fired, cops came

But I'm a grown man I stick around till my clip is empty

Cops threw me on the ground when my clip got empty  
Now bars is all I see a thug is all I'll ever be  
And I eat, sleep, buy, sell drugs  
'Cause I'm just another victim of the ghetto  
When I rob, steal, lie to get money, bust slugs  
'Cause I'm just another product of the ghetto  
And I eat, sleep, buy, sell drugs  
'Cause I'm just another victim of the ghetto  
When I rob, steal, lie to get money, bust slugs  
'Cause I'm just another product of the ghetto  
This is how it goes down in these ghetto streets  
This is how it goes down in my neighborhood  
This is how it goes down in these ghetto streets  
This is how it goes down in my area  
I got, 11 in I was facin' a dub, got nine left  
My click show love they write back  
My cousin M's son, little Di he's so grown  
Said he hold chrome, run blocks, and write raps  
Wrote him right back told him I control the  
bones  
Try to play the phone we could rhyme and hold wax  
Leave that drug shit alone don't forget you grown  
It'll put you places where your mind can't get you back from  
Little nigga ain't write me back  
since  
Still supply the jail L. Pridgon you got mail  
It's probably all the letters you wrote him  
What you mean? All the fucked up shit you told him  
This shit from my cousin Emily I'm quotin'  
Right out her letter  
Little Di, got popped in the head tryna steal a nigga leather  
That's what the cops said but the streets could tell you better  
And I eat, sleep, buy, sell drugs  
'Cause I'm just another victim of the ghetto  
When I rob, steal, lie to get money, bust slugs  
'Cause I'm just another product of the ghetto  
And I eat, sleep, buy, sell drugs  
'Cause I'm just another victim of the ghetto  
When I rob, steal, lie to get money, bust slugs  
'Cause I'm just another product of the ghetto  
This is how it goes down in these ghetto streets  
This is how it goes down in my neighborhood  
This is how it goes down in these ghetto streets  
This is how it goes down in my area
