

# The Take (feat. Chris Brown)

## Tory Lanez

Take you down  
What I'm about  
Take you down What I'm about  
Take you down  
I really wanna take you down  
And show you what I'm about  
Can I take you down?  
Your body, body, oh  
Your body, body up and down  
I'm gonna put you in seven positions  
for seventy minutes, you get it, babe  
You got a lot on your mind,  
and I wanna ease it up and lick it and slip it in  
You do a light scream on that ice cream when I scoop it and dip it in  
Unzippin' the tight jeans and that feminine hygiene is magnificent  
Tryna show you, girl, I'm different  
I get to lickin', and stickin', and lickin', and stickin' it  
'Til the pussy get too wet and it's drippin'  
And splittin' both them legs like dividends  
If it ends up how I want it,  
then you'll end up sittin' all over my bottom lip, baby  
The feelin' of fuckin' you, feelings all up in you  
Make it hard for you to bottle 'em, baby  
This dick is too big just to swallow it, baby  
But still you do it like it's Thanksgiving  
And you gobblin', gobblin', gobblin', gobblin', baby  
Like what's a goon to a goblin, baby?  
That pussy hotter than the summer June in Metropolis, baby  
No hidin' it, baby  
She know what it is when I come around  
Let me take you down  
It ain't my first time, but baby girl,  
let's get it in, yeah (Let it's get in, yeah)  
Bump and grind, already know (Already know, oh)  
I wanna take you down again (Take you down again)  
Hit that rewind button, oh-oh (Oh-oh)  
Now let me take you down  
Really wanna take you down, you down, you down (Ooh)  
Take you down (I do), right now (Right now)  
You know I know how (Oh-woah) Come put that shit all on top of me, baby  
I'm the one they feelin', so they copy me, baby  
Got it copywritten, that's my property, baby

And the way that she whip it, it's drivin' me crazy (Huh)  
Think I've been hittin' the lottery, baby  
Buy you a Wraith, I'ma give you my safe  
Put you in apartments, you parkin' in places  
Yeah, that's the real-life Monopoly, baby  
We got all night to get it right, babe  
So let me play  
We got our whole damn life, baby  
So here we are, all alone in this room  
Girl, you know what I came to do  
Know you got me on your radio playin', old school CB  
It's just me and you  
It ain't my first time, but baby girl,  
let's get it in, yeah (Oh-woah, we don't need)  
Bump and grind, already know (You already know)  
I wanna take you down again (Oh-woah)  
Hit that rewind button, oh-oh Now let me take you down  
Really wanna take you down (I wanna take you down), you down, you down (Ooh)  
Take you down, right now (Right now)  
You know I know how (I know how), ooh Ooh, yeah, love  
I promise not to give it to nobody, babe (You know I)  
And promise you won't give it to nobody, babe (Know I)  
And promise when you promise, keep them promises (Yeah, yeah)  
I promise not to give it to nobody, babe (Ooh, woah)  
And promise you won't give it to nobody, babe (Oh)  
And promise when you promise, keep them promises (Woah)  
I promise not to give it to nobody, babe (If you feel me, let me hear you say)  
I promise not to give it to nobody, babe (Yeah, yeah, yeah)  
And promise you won't give it to nobody, babe (Ooh)  
And promise when you promise, keep them promises (Woah)  
I promise not to give it to nobody, babe (Keep your promises)  
I promise not to give it to nobody, babe  
And promise you won't give it to nobody, babe  
And promise when you promise, keep them promises
