

Cray Button (feat. Lecrae)

Family Force 5

I will show you crazy
I'm a maniac
No more final warning
I'm not holdin back
I aint goin no where
Let the roof cave in
Bout to blow up somthin
Here goes nothin
Watch Me Hit The Cray Button
CRAY! CRAY! CRAY!
Let's. Get. Cray.
Turn it all the way up
Got a double dose of base
Your love is so much
Get outa your head
Get outa your skull
If you aint gettin cray, then you aint got a pulse
A lunatic in town
Bomb just got dropped
I get cray all day
It's my full time job
Wild like a wolf pack howlin at the moon
Attack Attack
You've been bitten by the boom
I aint goin no where
Let the roof cave in
Bout to blow up somethin
Here goes nothin
Watch Me Hit The Cray Button
CRAY! CRAY! CRAY!
Put your fives in the sky if your feelin alive
Throw ten up in the air
Cuz u dont care
Cray pants on
Rock your cray on
3, 2, 1, DETONATION!
I wonder what happens if I hit the cray button
I guarantee the whole place starts jumpin I wonder what happens if I hit the cray button
I guarantee the whole place starts jumpin I wonder what happens if I hit the cray button
I guarantee the whole place starts jumpin
I wonder what happens if i hit the cray button
Imma do it!

WATCH ME HIT THE CRAY BUTTON

I-I hit the cray button

I-I hit hi-hi-hit hit hit

I-I hit the cray button

I-I hi-hit hit

I pledge allegiance to the U.S. CRAY (cray)
