

Love Me More (Slop Rock Radio)

Ultrasun & Slop Rock

Verse 1. i saw love coming for me and my heart
To love you forever, just the way you are
Bridge so come on baby, make me crazy
Chorus i have waited all my life for you to love me, love me more i dare you to
Wrap your arms around me like you do
And love me, love me more i dare you to, i dare you to
Verse 2. a break in this silence, you were standing there
You're a wandering angel, to fly me somewhere
Bridge so come on baby, make me crazy
Chorus i have waited all my life for you
To love me, love me more i dare you to
Wrap your arms around me like you do
And love me, love me more i dare you to, i dare you to
Instrumental
Bridge so come on baby, make me crazy
Chorus i have waited all my life for you
To love me, love me more i dare you to
Wrap your arms around me like you do
And love me, love me more i dare you to, i dare you to
Wrap your arms around me like you do
And love me, love me more i dare you to, i dare you to
