

Let's Call It Off

Peter Bjorn and John

When you decided to knock on my door
Did you remember what happened before?
It just didn't sparkle, it just didn't grow
Somethings are better inside of the store Did you agree we should let it be?
And did you agree, it's a must Let's call the whole thing off
We just have had enough of us
Let's call the whole thing off
We just have had enough of us
I know many people who met the same way
Relations that lasted for more then one day
But I don't wanna know why we couldn't do more
Somethings are better to leave unexplored Did you agree we should let it be?
And did you agree, it's a must Let's call the whole thing off
We just have had enough of us
Let's call the whole thing off
We just have had enough of us
Let's call the whole thing off
We just have had enough of us
Let's call the whole thing off
We just have had enough of us
